

Osmosis Facials — Service Knowledge Document

What It Is

Osmosis facials are holistic, results-driven treatments using medical-grade Osmosis MD skincare products. These facials focus on restoring skin health from within using innovative, science-backed formulations that work with your skin's natural repair processes rather than against them.

How it works:

- Uses Osmosis MD's patented liposomal delivery system
- Ingredients penetrate deeper into skin for better results
- Focuses on cellular-level skin repair and rejuvenation
- Gentle yet effective approach suitable for sensitive skin
- Holistic philosophy: treating skin health, not just symptoms

What it treats:

- Aging skin and fine lines
- Redness and inflammation
- Hyperpigmentation and uneven tone
- Acne and breakouts
- Dehydrated or dull skin
- Compromised skin barrier
- Environmental damage

Key benefits:

- Deep nourishment and repair
- Inflammation reduction
- Improved skin barrier function
- Natural, healthy glow
- Customizable for all skin types
- Calming and relaxing experience

Typical Session Length

Signature Facial: 45-50 minutes

- Efficient yet thorough treatment
- Perfect for regular maintenance

Deluxe Facial: 75-90 minutes

- Extended relaxation and pampering
- Comprehensive treatment with all enhancements

Both include:

- Skin consultation
- Customized treatment

- Product recommendations
- Home care instructions

Typical Downtime

ZERO downtime!

Immediately after:

- Calm, soothed, glowing skin
- Possible very slight pinkness (fades within 30 minutes)
- No peeling or flaking
- Hydrated, refreshed appearance

What you can do immediately:

- Return to all normal activities
- Apply makeup (though you may not want to!)
- Go to work or social events
- Continue your skincare routine

Gentle aftercare (24-48 hours):

- Wear SPF 30+ daily (always important)
- Avoid harsh exfoliants
- Use gentle cleansers
- Stay hydrated

Results timeline:

- **Immediate:** Calmer, more hydrated, glowing skin
- **Days 2-7:** Continued improvement in texture and tone
- **With regular treatments:** Progressive improvement in skin health, reduced inflammation, improved barrier function

What Results People Often Notice

Immediately after treatment:

- Instantly calmer, less red skin
- Visible glow and radiance
- Deeply hydrated appearance
- Smoother texture
- Reduced inflammation
- Refreshed, rejuvenated look

Within days:

- Continued improvement in skin tone
- Better product absorption at home
- More balanced skin
- Reduced sensitivity
- Clearer complexion

With monthly treatments:

- Significant improvement in skin health
- Reduced chronic redness or inflammation
- Improved skin barrier function
- Better resilience to environmental stressors
- More even tone and texture
- Healthier, more youthful appearance

What it does NOT do:

- Provide aggressive peeling (this is a gentle treatment)
- Eliminate deep wrinkles immediately (gradual improvement)
- Replace medical treatments for severe conditions

Aftercare Basics

First 24 hours:

- Wear broad-spectrum SPF 30+ sunscreen
- Use gentle, non-irritating products
- Avoid harsh exfoliants or retinoids
- Keep skin hydrated
- Avoid excessive heat (saunas, hot yoga)

Ongoing care:

- Follow recommended Osmosis home care routine
- Use products suggested by your esthetician
- Stay consistent with SPF daily
- Hydrate well (drink plenty of water)

To maximize results:

- Schedule facials monthly for optimal skin health
- Use Osmosis products at home between treatments
- Protect skin from sun damage

- Maintain healthy lifestyle habits
- Address underlying health issues affecting skin

When to book next treatment:

- For maintenance: Every 4-6 weeks
- For specific concerns: Series of treatments initially
- Before special events: 2-7 days prior

FAQs

What's the difference between Osmosis and Aquafirme facials? Aquafirme uses water-based technology for deep cleansing and extraction—great for immediate glow. Osmosis focuses on holistic skin health using medical-grade products—perfect for sensitive skin, inflammation, and long-term improvement. Both are excellent; the choice depends on your needs and preferences.

Which should I choose—Signature or Deluxe?

- **Signature** is perfect for maintenance, quick treatments, or trying Osmosis for the first time
- **Deluxe** offers more comprehensive treatment with additional masks, longer massage, and targeted enhancements—ideal for special occasions or when you need extra TLC

Is Osmosis good for sensitive skin? YES! Osmosis is one of the best choices for sensitive, reactive, or rosacea-prone skin. The products are formulated to be gentle yet effective, focusing on reducing inflammation and restoring skin health.

How often should I get an Osmosis facial? Monthly treatments are ideal for maintaining healthy skin. For specific concerns, we may recommend a series of 3-6 treatments initially, then monthly maintenance.

Will I see immediate results? Yes! Your skin will look calmer, more hydrated, and glowing immediately. Deeper improvements in skin health develop with consistent treatments over time.

Can I get this facial if I have acne? Absolutely! Osmosis facials can be customized for acne-prone skin. The products help reduce inflammation and support skin healing without being overly aggressive.

What's special about Osmosis products? Osmosis MD uses a patented liposomal delivery system that allows active ingredients to penetrate deeper into skin. Their holistic approach focuses on skin health from within rather than just surface-level treatments.

Can I wear makeup after? Yes, immediately! However, your skin will likely look so good you won't need it. If you do apply makeup, your skin will be perfectly prepped.

How is this different from a regular spa facial? Osmosis facials use medical-grade products with scientifically proven ingredients and delivery systems. They're results-focused while still being relaxing and gentle—the best of both worlds.

Will there be any peeling? No! Osmosis facials are gentle and don't cause peeling or flaking. You'll have glowing, healthy skin without downtime.
